

## **“It's just food!”**

### **Brighton Food Coop Newsletter**

**Sept 2009**

Distribution went well this past month; however, we do have a lot of things left over from the Extras Table. In the past we've sent out a list of things available on the Extras Table that members can order ahead of time to be guaranteed the item without having to order a whole case. Be watching your e-mail for this list in the next couple weeks.

Thank you, everyone who works the floor on distribution day, for making things run as smoothly as possible. Thanks to our AM and PM Coordinators who keep things organized. And even though we don't see much of the home workers, we know they are doing a great job because we are getting our food!

We did have a few ordering mishaps this last month that I'd like to bring to everyone's attention. When ordering from the UNFI website, if you don't want a full case of something, you need to make sure there is a checkmark in the 'split' box. An example would be if you'd like 6 of a case of 12, but the split box is not checked, you'd be receiving 6 *cases* of the item. A good way to double check your order is the total: if it seems unusually high, check your splits. Thanks! Ultimately we are responsible for our own orders.

Gina B, our PM coordinator, will be sending a separate e-mail to members regarding a new vendor for a wheat-free bread. Watch for more information in her e-mail.

To help communication between coop members, we are reminding all who receive e-mail for orders or asking for information to please be sure to respond, even if just to say you've received their e-mail. You don't have to respond to informational e-mail such as outside vendor information or this newsletter. Thank you.

Denise Hauk, Secretary
